Important Note Regarding COVID-19 Pandemic:

Throughout the duration of the pandemic, students defending BPhil theses have the option of conducting their defenses remotely or in person but changing circumstances may require all defenses to pivot to a remote format if necessitated by the situation or University policy.

In-person defenses must adhere to all University standards and guidelines related to the pandemic.

Please note that if you choose an in-person defense, your external examiner is not permitted to travel to campus to participate in your defense in person; external examiners will participate in your defense remotely through Zoom, Teams, etc.

External examiners are not required to give a guest lecture or presentation during the pandemic, although the thesis advisor is free to arrange a virtual talk from the external examiner.

Specific details about the BPhil defense process can be found on this webpage: http://www.honorscollege.pitt.edu/bphil-degree/thesis-defense-procedures

GRADUATION DEADLINE

The entire BPhil process must be completed by

NOON on FRIDAY, DECEMBER 10, 2021

Specifically, this means that you must have successfully defended your thesis before your committee, incorporated and received approval for any revisions required by your committee from the defense, and uploaded the final, edited copy of the thesis in proper Electronic Thesis and Dissertation (ETD) format (including all required bookmarks and hyperlinks) to the ETD website by this deadline.

If you are unable to meet the requirements by the deadline, you will either need to defer your graduation or forego receiving the BPhil degree and graduate with the standard bachelor’s degree associated with your major(s).

NO EXCEPTIONS will be made to this deadline, so effective planning is important to successfully complete the BPhil degree.
SUGGESTED TIMELINE

(NOTE: These suggestions are considered the MINIMUM amount of time required for successful completion of the BPhil process. You are encouraged to add additional time throughout these components, especially if you have not attended an ETD training session. Consult with your thesis advisor to determine an appropriate timeline for your specific situation.)

Week of October 31 – Send final draft of your thesis to your committee (you must give your committee members at least two weeks to review your final draft before your defense)

Weeks of November 14-November 21 – Hold your thesis defense

Weeks of November 28-December 5 – Revise thesis based on comments from your committee at the defense; configure thesis document into proper ETD format; upload to ETD website; return completed ETD Approval Form to Honors College (NOTE: If you have not attended an ETD training session prior to beginning to write your thesis, you likely will need more than two weeks to prepare your ETD)

Noon on Friday, December 10 – Final deadline to have ETD uploaded in proper format and ETD Approval Form returned to the Honors College

CHECKLIST FOR BPHIL DEFENSE

PRIOR TO THE DEFENSE

______ Ensure that IRB Approval Form (available on UHC website) has been completed and returned to the Honors College (NOTE: This form should have been submitted PRIOR to beginning your BPhil research to ensure that all IRB protocols are met).

______ Consult with your thesis advisor to form your defense committee (your thesis advisor must approve all committee members).

______ Contact all committee members and coordinate a date and time for the defense.

______ Complete the Thesis Defense Information Form (available on UHC website) and return it to the Honors College.

______ Schedule the defense (may be in person or remote).

______ Provide copies of the final draft of your thesis to committee members (drafts must be received by your committee members at least two weeks before the date of your defense).
ON THE DAY OF THE DEFENSE

_______ Bring a copy of the ETD Approval Form (available on ETD website) to your defense; complete the first portion (the student information section); if your defense is remote, your committee members will email the form between each other to virtually sign (using DocuSign or Adobe signature) the “Review and Acceptance” section.

AFTER THE DEFENSE

_______ Email David Hornyak (hornyak@pitt.edu) once you have uploaded your final version of your thesis to the ETD website (all formatting, including bookmarks and hyperlinks in your PDF, must be correct).

_______ Email completed ETD Approval Form (all sections on pages 1 and 2 must be completed and signed by you and your thesis advisor) to David Hornyak in the Honors College. Thesis advisors can electronically initial the abstract page (DocuSign provides an option to electronically initial documents). NOTE: BPhil degree candidates do NOT pay a thesis processing fee; the UHC pays this fee on your behalf.

_______ If applicable, when returning completed ETD Approval Form, also email permission letters allowing you to include any copyrighted material (e.g., images copied from books, journals, other sources, sound or image files, etc.) in your thesis (see ETD website for information).

Students are responsible for adhering to all BPhil procedures and deadlines. Failure to follow the procedures and meet the appropriate deadlines will jeopardize your graduation.

If you have any questions or require any assistance as you progress, please contact David Hornyak by email (hornyak@pitt.edu) or phone (412-624-6884).
